ANNOUNCEMENT LETTER

Subject: New colour scheme of our products

Dear partners,

Following our policy for constant improvements and strive to stand out from competition we would like to inform you that starting from 1st of May 2025, our **entire wire rope hoist range** (including double rail hoists) and motor reducers will be manufactured using a new standard colour RAL 7021 instead of the current RAL 5000.

Additionally, we shall introduce new design of our metal plates, thus improving visibility of the key product data. We believe this will significantly improve after sales services of our products.

For any new orders to be placed in April onwards the product/s will be supplied in the new RAL 7021. For already confirmed order/s having due date before the 1st of May or within May, the product/s will be supplied with the current RAL 5000. Certainly, the colour of spare parts for product/s already delivered with RAL 5000 shall be remain unchanged.

In reference to entire chain hoist range, the switch to the new standard colour RAL 7021 instead of RAL 5000 shall be made later during this year and you will be duly notified in advance to that regard.

We seize the opportunity to extend our best wishes to you for successful business.

Stoyan Shterev
Sales Director
